These athletes must also keep in contact with either, their club coach, who reports to the provincial coaching staff, or the provincial coaching staff directly about participation in tournaments locally for them. They must also apply for the provincial team directly to the coaching staff with their training plan, tournament results, and training camps for the year.

The provincial coaching staff will also check in with the NTC coaches to confirm athletes training plans prior to funding.

Athletes training out of province other than NTC:

The athletes that are not training in Alberta due to school, work, etc... must apply to the coaching staff directly for provincial team selection with their training plan, tournament results, and training camps participated in. Funding will be determined on an individual basis, depending on where and how involved the athlete has been in judo while out of the province.

Funding:**U16/U18/U21/Senior:**

- To receive funding these athletes must have a minimum of 25 points from the year leading up to nationals. If an athlete has less than 25 points but meets minimum requirements of 15 points or has competed in 5 competitions they will be eligible for the national championships as self-funded athletes only.

- If a senior athlete cannot participate in Provincial training camp due to work demands the Prov. Coaching staff will need a written explanation 1 week prior to competition and athlete should make other arrangements to participate in other competition to make up for missing minimum requirements.

Extenuating circumstances:

- If an athlete has to miss provincial championships for any other reason this athlete must write a letter to the prov. Coaching staff 1 week prior to tournament explaining

why. The provincial coaching staff will then review and make a decision based on individual circumstance.

Out of Province/ NTC athletes:

- Are exempt from the Provincial championship qualification as long as they are participating in competitions out side of the province. This is based on individual athletes and the athletes must be in direct contact with provincial coaching staff during their time out of province.
